Preface

2017 4th International Conference on Information Technology and Career Education was held on April 29-30, 2017 at Bangkok, Thailand, which was a platform for domestic or abroad experts, professors, scholars and engineers in related fields to demonstrate their research results and helps them establish connection in career or research and find global partners in the future.

This conference is part of a series of previous conferences organized in:

ICITCE 2013: September 29-30, Beijing, China
ICITCE 2014: October 9-10, Hongkong, China
ICITCE 2015: December 15-16, Seoul, Korea

Breakthroughs in experiments and theory are often the basis of technological progress. Recognizing this important fact, ICITCE 2017 provided an appropriate forum for the communication of developments in information technology and career education research which may be beneficial and allow interactions and exchange of experiences among the applications communities.

As usual, only unpublished research paper was accepted by ICITCE 2017. Paper which was submitted were examined by conference's committee, and all the accepted paper applied for DOI and published in ICITCE 2017 conference proceedings. Besides, these papers could be viewed online through the online publishing platform. We will also send the proceedings to CPCI (which is originally ISTP) and CNKI for coverage.
